Ezekiel E. Currier's Cache

by: NHFarmer & KB1RMA

Instructions

The coordinates provided will take you to a headstone (which one should be obvious). Use the clue list to obtain letters or numbers from the headstone. Then place the letters or numbers into the corresponding blanks in stage 1.

After completing the first stage, you must decode the remaining letters into numbers and place them in stage 2. You will then be left with the cache coordinates in the 2nd stage.

The cache is within the property and you won't need to travel again.

Required Materials

– Cell phone
– Happy caching attitude!
– This sheet

1st Stage

N __ __   __ __ . __ 0 0
    1 2   3 1   4
